**CBS Radio 2 WNET 99.1**

**4pm onwards**

John Jabara runs [Savenia Labs](#) in Bethesda, he was named Entrepreneur of the Year by the [Maryland Clean Energy Center](#). So what does his company do? “We provide energy and environmental impact ratings on popular appliances and electrics” (John Jabara voice). You can see those rating stickers on appliances at [Ace Hardware](#) stores in Maryland, Virginia and the District. “A lot of these products actually cost a lot more to run than they do to buy” (John Jabara voice). Jabara says he owes much of his success to the [Bethesda Green Business Incubator](#) that helped him when he started. In Bethesda, on Woodmont Avenue, Kevin Rincon, [All News 99.1](#).
