

## **SAVENIA LABS ENERGY RATINGS CONFIRMED BY TOP 20 ACCOUNTING FIRM REZNICK GROUP**

*Independent 3<sup>rd</sup> Party Audit To Fight Greenwashing*

(Bethesda, MD Issued Dec. 7 2011)-- [Savenia Labs](#) announced today that the [Reznick Group](#), a Top 20 Accounting firm based in Bethesda, MD has audited and confirmed Savenia Labs Energy Ratings data for 3 appliance categories. This audit, which was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, included verification that the Savenia Labs methodology was applied consistently to all appliances in the selected appliance category. A summary of the audit report is available on the company website [here](#).

“We asked Reznick Group to audit our data because consumers are concerned with greenwashing – companies making claims about the environmental impact of their products without sufficient factual or scientific evidence” said John Jabara, Founder of Savenia Labs. “Even though Savenia Labs is already an independent testing laboratory that buys and tests every product ourselves, without manufacturer donations or consent, we decided to go further and have our Energy Ratings externally audited”.

This audit, together with the audit completed to become Bethesda, Maryland’s first [Benefit Corporation](#), are part of the company’s commitment to transparency in serving the public interest.

A complete list of Savenia Labs audit reports can be found on the Mission / CSR section of the company website [here](#).

### **About Savenia Labs**

Savenia Labs is an independent testing laboratory that provides lab tested energy and environmental impact ratings on popular appliances. Savenia Labs produces information labels and ratings so individuals and businesses can choose energy saving and environmentally friendly alternatives while shopping.
